Aluminum Hoist Accessories

WATER TRANSPORT KIT

HA0014

This adjustable kit enables your hoist to be transported across water using a Jon boat or similar flat bottom boat.

CANOPY

Vinyl-coated, nylon fabric canopy with aluminum frame features a longer valance for added protection. Available in standard gray, blue, green, tan or white. Ask your dealer for correct model number.

PONTOON CONVERSION KIT

SSPV - hardware kit that converts your SSV30108, SSV30120, SSV40108 or SSV40120 hoist to a center-lift pontoon hoist. NOTE: kit does not include wood for bunks.

CENTERING GUIDES

HA0011 - these fully-carpeted centering guides double as walkboards. Ideal for rough water applications. For models with 3000 lb. and 4000 lb. capacities.

HA0012 - same for models with 1500 lb. and 2000 lb. capacities.

HA0005 - same for models with 5000 lb. and 6000 lb. capacities.

FRONT END BOAT STOP

HA1180 - Aluminum boat stop with large foam cushion for extra protection for 1,500 - 4,000 lb. hoists.

ELECTRIC DRIVE

SSDC2 (12V)

Runs on rechargeable power from your boat or remote 12V source.

SSAC2 (110V)

Powers your hoist with AC power from the shore. Both can be manually engaged and disengaged for hand operation. For models with capacities from 1500 lb. to 6000 lb.

EXTENSION LEGS

SSKA - Extension legs for models with 2000 lb. to 4000 lb. capacities for use in water from 4.5' to 6' deep.

SSKA-55 - Same application as above, but for models with 5000 lb. to 7000 lb. capacities.

ROAD TRANSPORT KIT

SSAA - Tow your hoist to-and-from the water. All you do is add rubber to the wheels provided, attach the kit to the unit and hit the road with hoist in tow. The kit includes: two SS#50, Spindle/Hub Assemblies, two SS#51's, 15" rims, one SS#230A, set attaching brackets, and one SS#231A Tongue Assembly.

For models with capacities from 1500 lb. to 7000 lb.

CARRYING HANDLES

SS233 - This set of custom-fit handles allows you and three friends to walk your hoist into position. For models with capacities from 1000 lb. to 6000 lb.

Steel Hoist Accessories

GUIDES & BUMPERS

SSHA - 2 cradle brackets mounted on the crossmember that self-align with the boat, keeping it from tilting right or left.

SSN - white polystyrene foam uprights that act as bumpers and keep your boat centered for a smooth landing or a clean getaway. For Models SS3698 and SS36110.

ELECTRIC DRIVE

SSAC2 and SSSDC2 - Let the rechargeable power of your boat's battery or AC power from the shore raise your boat into storage position. AC or DC, the units are both compact, easily assembled and can be disengaged for manual operation of the lift wheel. Available for the SS3698, SS36110 and SSV45120 hoist models.

ROAD TRANSPORT KIT

SSA - Attaches to your hoist to make it road-worthy for easy transport. Consists of two-piece tongue and hitch assembly, including: SSI - two-piece tongue and hitch assembly; 2, SS#50 spindles with hubs; 2, SS#51, 15" rims. All you provide is the 15" tires and your SS3698, SS36110 or SSV45120 is ready to roll.

NOTE: kit does not include tires.

FRONT GUIDE POSTS

SSG - Front guide posts for model SS1088 hoist, complete with adjustable lake pads.

CANOPY

Fits models SS3698, SS36110 or SSV45120. Vinyl-coated nylon fabric canopy with aluminum frame features a longer valance for added protection. It is available in standard gray blue, green, tan and white. Ask your dealer for correct model number.

EXTENSION LEGS

SSK - 36" extension legs for use in water up to 6' deep. For all steel hoists except model SSV45120.

PWC Hoist Accessories

CANOPY

Add a protective canopy to your SS862 (with SS8522 option), SS8621 or SSD8521 PWC hoist. Available in standard gray, blue, green, tan or white - see color chart below.

GUIDE POSTS

SS8522 - Aluminum guide posts for the front corners of SS862 hoist. Let you accurately align and center your PWC on the hoist.

SS8523 - Telescopes inside your SS8522 (above), giving you the flexibility of adjustable base pads on all four corners.

**2/10-YEAR
HOIST PROTECTION
WARRANTY**
